THE STORY THAT BEGAN WITH A SEED

Colian was founded by the Kolański family in 1990 in Piątek Wielki near Kalisz. At the beginning, a company called Ziółopex was established, which produced herbs and spices. So, it all started with a seed, which once sown and properly nurtured, yields a crop, from which we still draw today.

Today, Colian is one of the main players on the Polish market for food products, especially confectionery. It provides a complete portfolio of excellent quality products that are well-known to consumers. The secret of its success lies in the production method, which combines tradition with modernity, and guarantees inimitable taste. The company, operating from Poland, successfully competes with international food corporations. It has 5 production plants located across the country. In total, it employs over 2,500 people.

Polish roots – global quality

They reach the farthest corners of the world, delighting the palates of consumers on all continents.

Goplana
1912

Goplana's heritage of making high quality chocolate products dates back to 1912.

Our story begins in a tiny factory on the outskirts of Poznań.

It did not take long that demand for Goplana products made the owners to invest in a large chocolate factory. Since then the crowds of Poznanians could fall in love with a great number of delicious chocolate sweets which were distributed in retail as well as in Goplan's own specialty shops.

Goplana chocolate has been always characterized by its creamy taste with slightly bitter cocoa tones. Its chocolate became famous and unmistakable recognized and perfectly blends with a number of refined praline fillings as well as with chocolate bars biscuits, jellies, candies and wafers.

Nowadays Goplana brand is present in majority of confectionary segments.

Additionally to its core chocolate products, Goplana endorses wide range of other confectionery products like Alibi wafer bars, Coolky cookies, Toffino toffees, Family's wafers or Sliwka plums in chocolate and it constitutes a quality and heritage proof.

Now one can meet Goplana's finest products almost in every part of the globe.

Feast for the senses

Coolky Cookies are distinguished by the combination of flavours and contrasting textures.

Every cookie is a unique composition of crispy biscuit topped with chewy caramel, studded with various nuts, dried fruits and cloaked in real chocolate.

They come in many flavours, however you will always recognise them by their original “spiky” shape.

Time spent with Coolky Cookies is a real feast for the senses. They are irresistible!
